Tori Spelling stepped out in LA with her 16-month-old daughter Stella yesterday. Both were sporting trendy footwear; Tori opted for fringed suede booties, while little Stella rocked some mini Uggs. Although most folks don't have the cash to buy Uggs for their baby, Tori and her hubby **Dean McDermott** don't have any money concerns ... especially now that their reality show, "Tori & Dean: Home Sweet Hollywood," has been renewed for a fifth season.

When the new season premieres in spring 2010, fans can expect to get a closer look into Tori and Dean's family life, as well as their own relationship. Plus, the duo plans to take a cross-country road trip with their two children ... and most likely a nanny!
